- |                              |                                                                                 |
|------------------------------|---------------------------------------------------------------------------------|
| 2022 – 2024<br>Mumbai, India | <b>B.Sc Computer Science</b><br><i>Thakur College of Science &amp; Commerce</i> |
|------------------------------|---------------------------------------------------------------------------------|

## Skills

---

### Frontend

React, JavaScript, HTML5, CSS3, Bootstrap 5, XML

### Databases

SQL Server, MySQL, MongoDB

### Concepts

MVC, Microservices, CRUD, ORM

### Backend

Node.js, Express.js, ASP.NET MVC/Core, Java, PHP

### Tools

Git, GitHub, Android SDK, Dapper, RESTful APIs

## Awards

---

### 1st Place

- Maharashtra State Kho-Kho, Deadlift & Bench Press competitions

### Fashion Show

- Led 20-member team for college Fashion Show events

## Certificates

---

- JS Full Stack (SDAC)
- Intermediate JS/CSS (Codecademy)

## Projects

---

### Call Logger App

*Java, Android SDK*

- Real-time call categorization for 200+ daily logs with 95% accuracy using ContactsContract API
- Optimized UI with RecyclerView and automatic status detection

### MEN Blog App

*MERN Stack*

- Full-stack blog platform with CRUD operations serving 50+ daily users
- RESTful APIs (Express.js) + responsive UI (React, Bootstrap 5)

### CRUD with Dapper

*ASP.NET Core*

- Enhanced data access speed by 40% using Dapper micro-ORM
